**FOR IMMEDIATE RELEASE**

## **North American Manure Expo cancelled for 2020**

Listowel, Ontario, April 29, 2020 – Due to the continued uncertainty surrounding COVID-19 and the precautions in place to manage this pandemic, the organizing committee for the 2020 North American Manure Expo has made the decision to cancel the 2020 event, originally scheduled to be held on Aug. 25 and 26, 2020 in Listowel, ON, Canada.

“While we are disappointed about having to cancel the 2020 North American Manure Expo due to the ramifications of COVID-19, the Board and organizing committee have made this decision with best interest of the industry, sponsors and attendees in mind,” says Mary Keena, Livestock Environmental Management Specialist for North Dakota State University Extension and President of the North American Manure Expo Board.

The North American Manure Expo will return to Listowel, ON, on August 25 and 26, 2021. The Expo will be hosted in Chambersburg, PA, on July 13 and 14, 2022.

“We are excited to reconnect with everyone in 2021 in Listowel,” Keena says.
